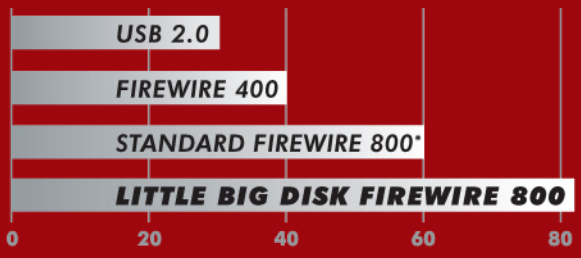
LaCie Little Big Disk

160GB, 200GB, 240GB, 320GB

SIZE MATTERS:
SMALLER DIMENSIONS.
BIGGER PERFORMANCE.



SMALL IS BEAUTIFUL

For maximum performance and minimum dimensions, the LaCie Little Big Disk mobile hard drive is the perfect compact, portable powerhouse. About 60% smaller and lighter than conventional desktop hard drives**, this Triple Interface (FireWire 800, FireWire 400, USB 2.0) storage solution goes with you anywhere. With unsurpassed capacity for such a portable hard drive, it provides up to 240GB of storage for transporting and exchanging your important files.

UNRIVALED SPEED

The first portable hard drive ever without compromising speed, the Little Big Disk is much faster than conventional hard drives. A unique, new innovation, it employs built-in RAID 0 technology for superior mobile performance. Approximately 50% faster than conventional portable drives and 30% faster than conventional desktop drives, it provides up to an incredible 82MB/s drive burst transfer rate—fast enough for DV, HDV and some SD video projects.

SILENT & STURDY DESIGN

The world-renowned designer Neil Poulton—the creator of our award-winning d2 range—designed this distinctive drive exclusively for LaCie. With unmatched silent operation for such a high capacity drive, it was engineered with a unique, fanless cooling system. Its sturdy aluminum body was designed to dissipate heat. Much quieter than conventional desktop hard drives, its silent operation makes it ideal for AV professionals as well as home users.

UNIVERSAL CONNECTION

This Triple Interface (2 x FireWire 800, 1 x FireWire 400 and 1 x USB 2.0 ports), cross-platform hard drive offers the best connectivity for a mobile storage device. With two FireWire 800 connections for maximum speed and daisy-chaining, it's perfect for audio/video professionals who require more capacity on the go or in the studio. Conveniently FireWire bus-powered, there's no need for a cumbersome AC adapter.***

TRIPLE INTERFACE:

- **FIREWIRE 800**
- **FIREWIRE 400**
- **USB 2.0**

- Unsurpassed capacity for such a portable hard drive
- More compact & much faster than conventional hard drives
- Unmatched silent operation for such high capacity (fanless)
- Triple Interface—the best connectivity for a mobile drive

FEATURES

- Built-in RAID 0 for audio-video pros
- FireWire 800, FireWire 400, USB 2.0
- 16MB cache
- Up to 7200rpm
- Driver-free for Windows 2000/XP, Mac OS X
- FireWire bus-powered
- Bootable in FireWire for Macintosh®
- Up to 800Mbits/s per bus
- Fast enough for DV, HDV & some SD video
- Unique, silent fanless cooling system
- Stand upright or stack horizontally

PACKAGE CONTENTS

- LaCie Little Big Disk
- FireWire 800 (9-to-9 pin) cable
- FireWire 400 (6-to-6 pin) cable
- Hi-Speed USB 2.0 cable (USB 1.1 compatible)
- AC Power Adaptor Kit*** (includes AC adaptor and local power adaptor)
- Quick Install Guide
- Removable Drive Stand Foot Kit
- LaCie Utilities CD-ROM including: User Manual, LaCie '1-Click' Backup Software, Silverkeeper, Silverlining Pro Utilities

LaCie Little Big Disk

item number	301088	301089	301090	301092U
capacity****	160GB	200GB	240GB	320GB
interface	2 x FireWire 800, 1 x FireWire 400, 1 x Hi Speed USB 2.0 ports			
rotational speed	5400rpm	7200rpm	5400rpm	
cache size	16MB			
interface transfer rate	FireWire 800: up to 800Mbits/s (100MB/s); Hi-Speed USB 2.0: up to 480Mbits/s (60MB/s) FireWire 400: up to 400Mbits/s (50MB/s)			
drive burst transfer rate	FireWire 800: up to 82MB/s; Hi-Speed USB 2.0: up to 34MB/s; FireWire 400: up to 41MB/s			
fan	fan-free operation			
min. system requirements	Mac OS 10.x/Mac OS 9.x or Windows 2000/Windows XP; Intel Pentium II 350 MHz compatible processor or greater or Mac G3, G4, G5 processor or greater; minimum 128MB RAM			
software	LaCie '1-Click' Backup Software (Windows XP/2000 or greater; Mac OS 10.2 or greater); SilverKeeper™ Backup Utilities (Mac OS 9, Mac OS X); Driver-free for Windows 2000, Windows XP or Mac OS X; Silverlining® Pro Drive Management Utilities (Mac OS 9.x)			
weight	1.4 lbs / 650 g			
dimensions (WxHxD)	1.6 x 3.3 x 5.5 in. / 40 x 85 x 140 mm			
security	Kensington™ Chain Lock compatible			
warranty	1 year limited			

*Maximum performance using FireWire 800 connection when tested and compared with LaCie first generation FireWire 800 drives.
**When compared, for instance, to its "big" brother—LaCie d2 Hard Drive.
***The AC Power Adaptor Kit is for iLink and USB users only.
****1GB (gigabyte) = 1 billion bytes. Total accessible capacity varies depending upon operating environment (typically 5-10% less).
